

The diagram illustrates the system architecture with the following components and connections:

- ADMIN SYSTEM (10)**: A large rectangular block containing:
 - DATA FILES (20)**: Represented by a stack of three rectangles.
 - MEDIA MANAGER (18)**: A rectangle connected to the DATA FILES.
 - JOB MANAGER (22)**: A rectangle connected to the DATA FILES.
- LIBRARY (12)**: A large rectangular block containing:
 - A row of five vertical rectangles representing tape volumes, with an ellipsis (...) indicating more volumes. These are collectively labeled **14**.
 - BIN (16)**: A smaller rectangle located below the tape volumes.
- GUI (14)**: A rectangle at the bottom connected to the ADMIN SYSTEM.

Connections:

- A lightning bolt symbol connects the **MEDIA MANAGER (18)** to the **LIBRARY (12)**.
- A vertical line connects the **ADMIN SYSTEM (10)** to the **GUI (14)**.
